

NSW ENERGY PRICE GUIDE

This guide sets out the current prices for electricity supplied and billed at the NSW villages listed below. The guide applies only to the listed villages and services and is not a guide to every utility or charge applying at a village. Electricity is supplied and billed to residents through the village’s community electricity network. Prices may differ between villages according to the local electricity distribution area, reticulation and other site factors. Prices are reviewed from time to time and this page will be updated when rates change.
